HEARTS & HOMES: ESCROW TIPS FOR FEBRUARY

When it comes to escrow, love isn't the only thing in the air—so is paperwork! Here are three tips to keep your escrow process running as smoothly as Cupid's arrow:

- **Check Your Deadlines:** Love may be timeless, but escrow isn't! Mark your calendar for important dates to avoid delays.
- **Keep Communication Open:** Just like any good relationship, clear communication is key. Stay in touch with your escrow officer for updates.
- **Organize Your Documents:** Have everything ready—from proof of funds to signed agreements—to keep the process moving forward.
